संसदीय कार्य मंत्रालय

Government of India
Ministry of Parliamentary Affairs

"Friends, today it is necessary for all the Legislative Houses of the Country to move forward in the direction of data sharing so that there is a central database in the Country. A real time detailed information of the working of all the Houses should be available to the common citizen and also to all the Houses of the Country. For this a modern digital platform has already been developed in the form of National e-Vidhan Application. I would request all of you to adopt this Project as soon as possible".

MESSAGE

I am pleased to learn that the Ministry of Parliamentary Affairs is organizing a two-day National Workshop on the National E-Vidhan Application (NeVA), a flagship Mission Mode Project of the Government of India to transform the functioning of legislatures in the country through digital means. The project aims to provide legislatures with a comprehensive suite of e-governance solutions that will help them to improve their efficiency, transparency, and accountability.

I have also been informed that 21 State Legislatures have signed MoUs, project has been sanctioned in 17 Legislatures and funds have been released to them for implementation of the project. Among them, 9 Legislatures have already become fully digital and are Live on NeVA platform.

This is an opportunity for delegates from States/Union Territories from across the nation to familiarize themselves with the NeVA project. I sincerely hope that the Workshop will give them the necessary roadmap for Universal adoption of NeVA in their State/Union Territory Legislatures.

I wish the Workshop a grand success. I sincerely believe that this Workshop will prove to be a milestone in fulfilling the dream of "**One Nation One Application**".

MESSAGE

I am happy to learn that the Ministry of Parliamentary Affairs is organizing a two-day National Workshop on the National E-Vidhan Application (NeVA) project which is aimed at transforming the way legislative proceedings are conducted, making them more efficient, transparent, and accessible to all.

As we embark on this transformative journey, I want to express my gratitude to all the stakeholders involved in making the National E-Vidhan Project a reality. Our team has worked tirelessly to ensure the success of this Workshop. Together, let us embrace the digital era and work towards a future where technology is harnessed for the greater good of our nation and its people.

I am sure that the delegates comprising of policy makers, technocrats and stakeholders will add greater value to this project of national importance and fruitful interactions will take place which will pave new way for universal on-boarding on NeVA.

I look forward to a memorable and wish National Workshop on National E-Vidhan Application (NeVA) a grand success.

MESSAGE

National e-Vidhan Application (NeVA) is a Mission Mode Project of the Government of India to transform the functioning of legislatures in the country through digital means. The project aims to provide legislatures with a comprehensive suite of e-governance solutions that will help them to improve their efficiency, transparency, and accountability.

It gives satisfaction to learn that the Ministry of Parliamentary Affairs is organizing a two-day National Workshop on NeVA to assess the progress made so far as part of the mid-term review, universal adoption of NeVA by all the States covering 37 Assemblies/Councils and deliberate on future roadmap for early completion of the project.

I am confident that the NeVA project will continue to be a success. The project has the potential to transform the functioning of legislatures in the country and make them more efficient, transparent, and accountable. The vibrant functioning of digitized House will not only improves productivity of Legislative processes but also enhances India's image across the globe as a digitized nation.

I would like to thank all the stakeholders who have contributed to the success of the NeVA project and look forward to a memorable and successful Workshop.

MESSAGE

It is my utmost pleasure to extend a warm welcome to each delegate for the two-day National Workshop on NeVA (National e-Vidhan Application). The active participation of all stakeholders in this event are truly valued and appreciated.

'e-Vidhan' a Mission Mode Project (MMP) of Government of India to make the functioning of all State/Union Territory Legislatures paperless through National e-Vidhan Application (NeVA). As such, NeVA has been developed as a multi-lingual web as well as a mobile application (both Android & iOS) covering all the 37 Houses on the concept of *'One Nation One Application'*.

Out of these 37 Houses, 21 Houses have already signed MoUs and 9 Houses have been transformed into *'DIGITAL HOUSES'* so as to transact entire business on digital platform in paperless mode including information exchange with the State Government Departments and laying of all the papers/ documents/ reports electronically.

NeVA holds immense significance in transforming the parliamentary landscape of our great nation. As the Secretary of the Ministry of Parliamentary Affairs, I am delighted to witness the convergence of distinguished experts, technocrats, and stakeholders who are at the forefront of driving digital transformation in the Parliamentary /Legislative domain.

For this conference, we have meticulously designed an agenda that encompasses a wide array of topics related to NeVA, ranging from its implementation to future roadmap. It is my belief that your active participation and contributions will significantly enrich these deliberations, enabling us to chart a robust roadmap for the successful implementation of NeVA across the nation.

We value your feedback; therefore, our support team is available round the clock to answer any queries, offer assistance through an electronic complaint redressal mechanism and on the documentation about the NeVA project which you might require for migration to NeVA. Together, we can leverage this digital transformation to drive positive change in our legislative processes and serve our assemblies more efficiently.

About NeVA

"Digital India" Programme introduced by the Government of India aims to transform the entire ecosystem of public services through the use of Information Technology. It focuses on three core areas: digital infrastructure a utility to every citizen, digital empowerment of citizens, governance and services on demand. Digital Legislature is defined as the use of ICTs in legislative institutions across the country, whether in Union/State with the objective of enhancing and strengthening their core functions and operations. It helps in promoting e-Democracy and encourages participation of citizens in the democratic and socio-economic platforms. It helps in strengthening the interaction between the members of Legislative Houses (Parliament or Legislative Houses) and the general citizens. Besides this, it also facilitates efficient public service delivery, enhances social inclusion, allows transparency in the public service, and facilitates cost savings in government's bid to involve citizens in its governing processes. Digital Legislatures for Members consists of Digital House, Member's Portal, Mobile/Tablet apps (iOS, Android).

National e-Vidhan Application (NeVA) is one of the 44 Mission Mode Projects (MMPs) with the approval of Cabinet. Apex Committee in its 3ʳᵈ meeting held on 15ᵗʰ October, 2015 decided to make the Ministry of Parliamentary Affairs (MPA) as Nodal Ministry for implementation of e-Vidhan & e-Sansad MMP and empowered it to take all necessary steps to promote & roll out e-Vidhan/e-Sansad which has been now re-designated as National e-Vidhan Application (NeVA) in all the 37 States/UT Legislatures and the 2 Houses of Parliament viz. Lok Sabha & Rajya Sabha supported by National Informatics Centre (NIC). Apex Committee on Digital India in its 4ᵗʰ meeting held on 16ᵗʰ June 2016 decided that the funding for e-Vidhan would be provided by the Ministry of Parliamentary Affairs (MPA) and technical support by Ministry of Electronics and Information Technology (MeitY). Subsequently, NeVA MMP with total outlay of Rs.673.94 Crore was approved by Public Investment Board (PIB) on 15ᵗʰ January, 2020 and Minister of Parliamentary Affairs also approved the same on 27ᵗʰ January, 2020. NeVA MMP has been approved by Finance Minister on 5ᵗʰ February, 2020. Ministry of Finance in PIB meeting for NeVA project approval, have recommended to make provisions in NeVA Software for the use by the two Houses of Parliament with minimal modifications and to avoid reinventing the wheel again with respect of software development.

The Notification, Guidelines and MoU of the scheme are available on the website of NeVA (https://www.neva.gov.in) as well as the Ministry of Parliamentary Affairs (https://www.mpa.gov.in).

Bringing this electronic platform results in huge savings on paper (App. 340 Cr. annually), thereby leading to reduction of Carbon Footprints and moving a step forward in the achievement of United Nation Development Programme's Sustainable Development Goal (SDG) -15 "Life on Earth".

Features of NeVA

- NeVA has been developed to function as a member centric application, device neutral and user-friendly application to equip all the members to handle diverse House Business elegantly by putting entire information needed by them in their hand held devices/ tablets and equip all the branches of legislatures/ departments to handle it efficiently and creating an efficient inclusive database thereby overhauling the way our legislatures work with facilities for live webcasting.

- NeVA is a generic digital application hosted on National Cloud - Meghraj with maintenance, security and disaster recovery for all legislatures.

- NeVA-Mobile App facilitates Ministers/Members to get the entire House Business including replies to questions and papers to be laid in the House, at a specified time before the beginning of the daily proceedings whereas Hon'ble Speaker gets the entire House Business as and when available according to the Rules of Procedure and Conduct of Business of Houses.

- Inside the House, NeVA Digital House Module supports a digital e-Book format accessible through member's login on touch-screen device installed at Member's Desks. Digital House Module enables E-voting and E-Attendance along with running the House digitally.

- NeVA provides all relevant information like Notices, Bulletins which is issued by legislatures from time to time for information of all members and other stakeholders. Accessibility to contact details, Rules of Procedure, List of Business, Starred/Unstarred Questions and Answers, text of Bills for introduction, consideration and passing, text of all papers laid, Committee Report, Proceedings of the House, synopsis of proceedings, provisional calendar and rotation of Ministries, News and press releases and reference materials along with the information relating to composition of all Committees including details of Committee meetings, their agendas, information relating to personal claims of Members like Salary and Allowances etc. is provided through NeVA. Live webcasting/TV facility is also available on this application.

- NeVA also helps the presiding officers in the management of the House via House Management Applications and e-Book. Hon'ble Ministers, who have to reply to the House, can seek supplementary replies on their mobiles/e-Book from the Administrative Secretaries.

Beneficiaries of NEVA

1. Hon'ble Speakers/Ministers
2. Hon'ble Members of Legislatures
3. Secretaries/ officials of the State Legislative Secretariats
4. Secretaries/ officials of the State Government Departments
5. Media Persons
6. Researchers
7. Citizens
